REF: 19-HQ-F-00034

Dear Ms. Anthony

Thank you for your Freedom of Information Act (FOIA) request dated and received October 17, 2018, in the NASA Headquarters (HQS) FOIA Office. Your request was assigned FOIA Case Number 19-HQ-F-00034 and was for:

American Oversight requests that the National Aeronautics and Space Administration (NASA) produce the following within twenty business days:

1. All calendars or calendar entries for the following individual, including any calendars maintained on his behalf (e.g., by an administrative assistant):

- Jim Bridenstine

For this custodian, American Oversight requests that the calendars be produced in a format that includes all invitees, any notes, and all attachments.

2. All calendars or calendar entries for the following individual, including any calendars maintained on his behalf (e.g., by an administrative assistant):

- James Morhard

For this request, American Oversight does not need the records to be produced in a format that includes all invitees, notes, and attachments. Rather, American Oversight seeks only a format that includes dates, times, and meeting titles, such as the "Daily" format used by Microsoft Outlook or a similar format.

Please provide all responsive records from the date each custodian joined NASA through the date the search is conducted.

Please do not limit your search to Outlook calendars. We request the production of any document-paper or electronic, whether on government-issued or personal devices-used to track or coordinate how these individuals allocate their time on agency business.

Pursuant to your telephone conversation of October 29, 2018, with NASA Chief FOIA Public Liaison Nikki Gramian, you agreed we would not need to use search terms since we were able to assemble daily Outlook calendar entries as stated in your request and had already begun these efforts. Also, we made you aware these Outlook calendars were the only calendars the NASA Administrator and Deputy Administrator used to conduct NASA business.

Our office located 207 pages in response to your request. We have reviewed these responsive records under the FOIA to determine whether they may be accessed under the FOIA's provisions. Based on that review, this office is providing the following:

111 page(s) are being released in full (RIF);¹
96 page(s) are being released in part (RIP);

NASA redacted from the enclosed documents information that fell within the following FOIA Exemptions explained below.

Exemption 6, 5 U.S.C. § 552(b)(6)

Exemption 6 allows withholding of “personnel and medical files and *similar files* the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.” See 5 U.S.C. § 552(b)(6)(emphasis added). NASA is invoking Exemption 6 to protect unpublished phone numbers and conference lines including passcodes, non-governmental email addresses, items relating to personal matters. Also, we are withholding some governmental emails, office locations within the NASA HQ building, and some unlisted agency phone numbers, which relate to privacy since they can be linked to individuals and their personal security.

Fees

Provisions of the FOIA allow us to recover part of the cost of complying with your request. In this instance, because the cost is below the \$50.00 minimum, there is no charge. See 14 CFR § 1206.504. Regarding your request for a fee waiver, because there were only 207 responsive pages, your fee waiver request is moot.

Expedited Review

¹ All page counts are provided in approximate numbers.

As it relates to your request for expedited treatment, this matter is considered moot since NASA is responding to this request within the allotted statutory time period.

Appeal Rights

You have the right under 14 CFR §1206.700 to appeal this determination within 90 days from the date of this letter. Your appeal must be in writing and should be addressed to:

Administrator
NASA Headquarters
Executive Secretariat
MS 9R17
Washington, DC 20546
ATTN: FOIA Appeals

Your appeal should be marked “Appeal under the Freedom of Information Act” both on the envelope and the face of the letter. A copy of your initial request along with a copy of this correspondence and any other correspondence with the FOIA office must be enclosed. In order to expedite the appellate process and ensure full consideration of your appeal, your appeal should also contain a brief statement of the reasons you believe this response to be in error.

Prior to filing an appeal, you may contact NASA’s Principal FOIA Officer/Chief FOIA Public Liaison, Nikki Gramian, via telephone at 202-358-0625 or via e-mail at Nikki.N.Gramian@NASA.gov to obtain further assistance or seek dispute resolution services for any aspect of your request. You may also send correspondence to Ms. Gramian at the following address:

In accordance with § 1206.804 (c), after consultation with the NASA Headquarters General Counsel Office, I am the official responsible for the denial of your request. If I can be of further assistance, please feel free to contact me at robert.s.young@nasa.gov or (202) 358-1030, or Ms. Gramian at the contact information provided above.

REF: 19-HQ-F-00034

Dear Ms. Anthony

Thank you for your Freedom of Information Act (FOIA) request dated and received October 17, 2018, in the NASA Headquarters (HQS) FOIA Office. Your request was assigned FOIA Case Number 19-HQ-F-00034 and was for:

American Oversight requests that the National Aeronautics and Space Administration (NASA) produce the following within twenty business days:

1. All calendars or calendar entries for the following individual, including any calendars maintained on his behalf (e.g., by an administrative assistant):

- Jim Bridenstine

For this custodian, American Oversight requests that the calendars be produced in a format that includes all invitees, any notes, and all attachments.

2. All calendars or calendar entries for the following individual, including any calendars maintained on his behalf (e.g., by an administrative assistant):

- James Morhard

For this request, American Oversight does not need the records to be produced in a format that includes all invitees, notes, and attachments. Rather, American Oversight seeks only a format that includes dates, times, and meeting titles, such as the "Daily" format used by Microsoft Outlook or a similar format.

Please provide all responsive records from the date each custodian joined NASA through the date the search is conducted.

Please do not limit your search to Outlook calendars. We request the production of any document-paper or electronic, whether on government-issued or personal devices-used to track or coordinate how these individuals allocate their time on agency business.

On November 27, 2018 we provided a copy of Jim Bridenstine and James Morhard's daily Outlook calendar entries with the understanding that we would conduct a subsequent search to locate the supplemental records as described in your original request for particular events you would later identify. On January 7, 2019, you asked to receive the invitees list, notes, and attachments from the following pages of our initial production.

- p. 10: May 2, 2018 call at 11:30am with Congressman Babin
- p. 10: May 2, 2018 call at 1:30pm with Senator McConnell
- p. 46: June 7, 2018 meeting at 3:30pm with Sec. Elaine Chao
- p. 50: June 11, 2018 meeting at 4:00pm with Sec. Wilbur Ross
- p. 52: June 13, 2018 meeting at 4:30pm with Greg Autry
- p. 54: June 15, 2018 call at 10:30am with Senator Rubio
- p. 64: June 25, 2018 call at 9:30am with Newt Gingrich
- p. 66: June 27, 2018 meeting at 3:00pm with Ivanka Trump
- p. 68: June 29, 2018 call at 1:30pm with Senator Cruz
- p. 75: July 6, 2018 meeting at 11:00am with John Bolton
- p. 96: July 27, 2018 call at 9:45am with Newt Gingrich
- p. 158: September 27, 2018 call at 1:45pm with Sec. Betsy DeVos

Our office located 12 pages in response to your request. We have reviewed these responsive records under the FOIA to determine whether they may be accessed under the FOIA's provisions. Based on that review, this office is providing the following:

4 pages are being released in full (RIF);
8 pages are being released in part (RIP);

NASA redacted from the enclosed documents information that fell within the following FOIA Exemptions explained below.

Exemption 6, 5 U.S.C. § 552(b)(6)

Exemption 6 allows withholding of “personnel and medical files and *similar files* the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.” *See* 5 U.S.C. § 552(b)(6)(emphasis added). NASA is invoking Exemption 6 to protect unpublished phone numbers.

Fees

Provisions of the FOIA allow us to recover part of the cost of complying with your request. In this instance, because the cost is below the \$50.00 minimum, there is no charge. *See* 14 CFR § 1206.504. Regarding your request for a fee waiver, because there are only 12 additional responsive pages, your fee waiver request is moot.

Appeal Rights

You have the right under 14 CFR §1206.700 to appeal this determination within 90 days from the date of this letter. Your appeal must be in writing and should be addressed to:

Administrator
NASA Headquarters
Executive Secretariat
MS 9R17

Your appeal should be marked “Appeal under the Freedom of Information Act” both on the envelope and the face of the letter. A copy of your initial request along with a copy of this correspondence and any other correspondence with the FOIA office must be enclosed. In order to expedite the appellate process and ensure full consideration of your appeal, your appeal should also contain a brief statement of the reasons you believe this response to be in error.

Prior to filing an appeal, you may contact NASA’s Principal FOIA Officer/Chief FOIA Public Liaison, Nikki Gramian, via telephone at 202-358-0625 or via e-mail at Nikki.N.Gramian@NASA.gov to obtain further assistance or seek dispute resolution services for any aspect of your request. In accordance with § 1206.804 (c), after consultation with the NASA Headquarters General Counsel Office, I am the official responsible for the denial of your request. If I can be of further assistance, please feel free to contact me at robert.s.young@nasa.gov or (202) 358-1030, or Ms. Gramian at the contact information provided above.

Sincerely,
